

Explore some solitude on the '69 441cc Victor Special.

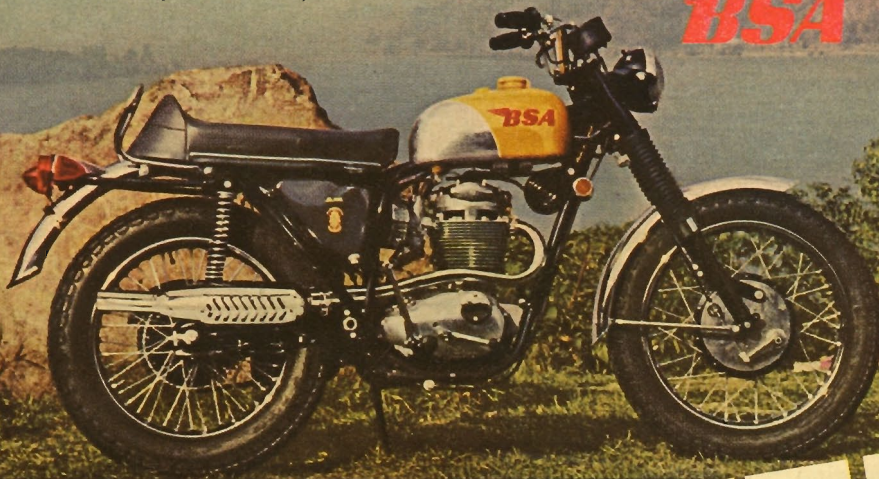

This thumper will take you there. Fast. In style. The new Victor is agile, uncluttered and unashamed of its brutal power. Its tremendous power-to-weight ratio and racing heritage give you easy handling over any terrain.

Check these standard features. New, improved gearbox for faster, more positive shifting. Precision ignition contact breaker. Skidplate. Primary chain

tensioner. Beefy 8" racing-type front brake. Alloy head. Adjustable shocks. Sport headlight. And provision for capacitor and tach.

Go with the winner. The reliable, race-bred Victor Special. Then get a friend and find out where that dirt road goes.
